

Skill Development Training under VVK, Nagaland at Dimapur

RFRI, Jorhat conducted a two-day Skill Development Training under Van Vigyan Kendra, Nagaland at State Environment & Forest Training Institute, Dimapur on 31st January and 1st February, 2018. There were about 20 participants in the training.

Sri R. K. Kalita, HoD, Forestry Extension and Coordinator, VVK Programme, RFRI welcomed all the participants and other officials present and spoke about various activities carried out by RFRI under NNK in Nagaland.

The training programme was inaugurated by Sri Hukato Chishi, Director of SEFTI, Dimapur.

In the first Technical Session, Sri R. K. Kalita delivered a presentation on bamboo propagation, nursery and plantation management, preservation and utilizations. He gave hands-on demonstration on bamboo propagation techniques, preparation of IBA solution etc to the participants.

Sri Kalita also delivered a presentation on Agarwood. He sensitized the participants about the nursery practices, plantation and artificial inoculation of agar trees for infection and subsequent production of Agar oil.

Dr. Gaurav Mishra, Scientist C, RFRI delivered a detailed presentation on organic farming and about soils of Nagaland.

Mr. Bendung from SEFTI, Dimapur imparted training on wildlife management. Certificates were distributed in the valedictory session to the participants.
