

Invitation for Training Programme
on
**Sustainable Land Management Technology and Approaches to
Achieve Land Degradation Neutrality**

10-12th December 2024
ICFRE-Eco Rehabilitation Centre, Prayagraj, U.P.

Sponsored by
**CENTRE OF EXCELLENCE ON SUSTAINABLE LAND
MANAGEMENT (CoE-SLM)**
(Indian Council of Forestry Research and Education, Dehradun)
(Ministry of Environment, Forest and Climate Change)
Government of India

ICFRE Eco-Rehabilitation Centre, Prayagraj, established in October 1992 as an advanced centre under the esteemed aegis of ICFRE, Dehradun, has been at the forefront of promoting excellence in social forestry and Eco-Rehabilitation initiatives in Uttar Pradesh.

It is our privilege to inform that the Centre is organizing a three-day training programme on **Sustainable Land Management technology and approaches to achieve land degradation neutrality** from 10-12th December 2024. This programme aims to sensitize participants (ACFs/HDOs/ADOs/SMS and other equivalent posts in the line departments) in the states of Uttar Pradesh, Uttarakhand, Punjab, Haryana and Delhi to critical issues surrounding sustainable land management and foster a deeper understanding of land reclamation challenges.

Further, it is to inform that programme fees, TA (Train-AC II Tier), boarding and lodging *etc* is being sponsored by CoE-SLM, ICFRE, Dehradun. In this regard, we kindly request that interested participants may apply latest by 06.12.2024 through the link: <https://forms.gle/GPEMDYsyhNA4aE1h8> . The sessions will offer valuable insights and practical knowledge to equip the trainees with tools and strategies for effective land management and reclamation practices.

We look forward to your kind cooperation in this endeavour and believe that this programme will immensely benefit the officers as well as your department.
