

RFRI CONDUCTS TRAINING ON BAMBOO NURSERY PRACTICES, CULTIVATION & MANAGEMENT

Rain Forest Research Institute, Jorhat (Assam) conducted a day-long training on Bamboo Nursery Practices, Cultivation & Management on 12th April, 2021. Five Forest Field Functionaries from Jamuna Valley Forest Range, Doboka under South Nagaon Forest Division, Nagaon (Assam) participated in the training programme. Shri R. K. Kalita, Head, Extension Division welcomed the trainees and delivered a detailed presentation on bamboo nursery practices, cultivation & management.

The Trainees visited RFRI bamboo nursery. Shri Kumud Bora, Technical Officer, gave hands-on training on bamboo propagation techniques, methods of preparation on hormonal solution, planting practices and other nursery practices.
