

RFRI, JORHAT SIGNS MOU WITH VIBGYOR NE FOUNDATION, GUWAHATI

Rain Forest Research Institute, Jorhat (Assam) signed a Memorandum of Understanding with VIBGYOR NE Foundation, Guwahati on 11th May, 2022 for promoting green and sustainable development and seeking the opportunities to pursue projects of mutual concern in a variety of areas. It was signed by Dr. RSC Jayaraj, Director, RFRI, Jorhat and Shri Shankhadip Choudhury, President VIBGYOR N E Foundation, Guwahati in presence of Scientists of RFRI and officials of the Foundation. The purpose of this MoU is to jointly conduct various projects of forestry and environment with special emphasis on training and extension activities. The collaboration between the two organizations would contribute towards the utilization of forestry resources for sustainable development. Particularly, they would carry out joint activities in organizing various workshops, seminars, conference, training programmes etc. Speaking on the occasion, Dr. Jayaraj expected that signing this MoU would open new vistas to disseminate various research outcomes to the common people of the region. Shri Choudhury also spoke on the occasion.
