

One-day Workshop on “Plantation Management and Technology” (21/11/2025)

The Social Forestry Circle of Jabalpur and Seoni, under the Madhya Pradesh State Forest Department, organized a one-day Workshop on “Plantation Management and Technology” on 21 November 2025 at the Central Nursery, Pariyat, Jabalpur. The workshop aimed to enhance practical knowledge on plantation techniques, nursery management, and the use of eco-friendly practices.

A total of 66 participants, including forest officials and nursery staff, attended the programme. During the technical sessions, Shri Aviral Asaiya, Scientist-D, delivered a lecture on the production, usefulness, and advantages of biofertilizers and organic manures, highlighting their importance in plantation management.

Dr. Mohan C, Scientist-C, and Dr. Nidheesh T. D, Scientist-B, carried forward the session with a detailed presentation on Integrated Pest Management (IPM) in forest nurseries and plantations. They placed special emphasis on the role of biopesticides and botanical formulations as safe and effective options for pest management. The workshop was well received by all participants and contributed to building technical capacity for better plantation and nursery practices in their respective Social Forestry Circles.
