PRAKRITI PROGRAMME AT NAVODAYA VIDYALAYA CHHABISEY, DARJEELING Environmental Research Station, Sukna

29th August 2019

Nestled amongst the beautiful forest and the beautiful Tea Gardens near the Nepal border this school is picturesquely located. In the midst of this beautiful location 'Prakriti' programme a flagship programme of ICFRE and Navodaya Vidyalaya Sanghatan was conducted under the guidance of Shri Nitin Kulkarni, Director Institute of Forest Productivity, Ranchi. The programme was conducted by Shri Pramod Chand Lakra, IFS, DCF, Environmental Research Station, Sukna, who spoke about the structure and function of ICFRE, Dehradun. Beside this the programme focussed on educating the children on burning issue like air pollution, plastic pollution and Wildlife. The students were also introduced with subject like Soil Science, Molecular Biology, Composting.

The programme was well attended, as all the 84 Students of the schools attended the programme. The Vice-Principal of the school and the teaching staff also attended the programme and took keen interest in the proceedings and discussions. The programme got good response from the students and staff of the school.

Some photos from the Prakriti Programme at Navodaya Vidyalaya.
